1. RATIONALE

‘Catholic schools need to provide the best apprenticeship that they can in the Christian life.’ (Mandate, para 59). School retreats are an integral part of the life-long faith formation of young people. They promote systematic, intentional catechesis as part of the comprehensive evangelisation of students.

Catholic school retreats are relational at heart. To be effective, retreat programs acknowledge the individual’s unique reality and bring the power of the Gospel into contemporary culture in a way that engages and empowers young people.

The Catholic school retreat aims to put students in ‘communion and intimacy with Jesus Christ’ (GDC, 80). Through the retreat experience students come to know Christian love and are exposed to a Gospel centred way of life. Students hear the Gospel and are empowered to connect the Gospel message to their lives and to find ways of continuing the Church’s mission. They participate in the life of the Christian community through liturgy and through activities which emphasise growth in Christian faith.

2. DEFINITION

The term retreat refers to time away from the normal school program where participants have the opportunity to reflect on their relationship with God. The emphasis is on students’ awareness of the presence of God in their lives. Retreats may vary in style and duration. They include experiences of prayer, discussions, reflective silence and quiet time alone. The celebration of the Sacraments of Reconciliation and Eucharist is strongly encouraged.
