

# Remote Learning

## K – 2 Student Expectations

You will need a digital device with access to the internet.

Please access your class program through the Seesaw invite link emailed to you by your child's class teacher.

1

Get ready for the school day. Have a clear working space. Make sure that you have everything that you need: pencils, iPad/device, paper pack activities, drink bottle and crunch and sip.

2

A weekly work schedule will be uploaded in Seesaw.

It will have your instructions for the week.

3

Scan your QR code to access the class page or download the Seesaw app. If you have more than one child using the device, you will need to scan the QR code. To register attendance, please send your child's name to the teacher via the Activity Tab on Seesaw.

(Example only)

4

Children will require a caregiver to assist them with accessing Seesaw and completing the activities provided.

5

Please complete the activities provided over the week following the timetable supplied to you by your class teacher.

6

You can communicate with your teacher via inbox on Seesaw if you have any questions.
