Virtue of the month- Excellence is giving your best to any task you do or relationship you have - to big things and little things. You give careful attention to every job and to the people you care for. You learn from your mistakes, so you can do better next time and you bring your gifts to fruition. We can't excel at everything. Discover your own talents and give them your best - and make a difference in this world. **"It's a funny thing about life: if you refuse to accept anything but the very best you will very often get it! W Somerset Maughan**
