Virtue of the month- Cleanliness - is washing often, keeping your body clean and wearing clean clothes. It makes you pleasant to be around and protects you from disease. Washing your hands before you eat and after you use the toilet keeps away germs that cause disease. Being clean means using a tissue and covering your mouth when you sneeze to help stop germs from spreading. It also means keeping your body free of harmful drugs.

Notes this week:

1. Year 6/7 Lightning Carnival (Money and slip was due 18th June, 2009)
2. Confirmation Photos
3. Active After School Program (Expression of Interest form due 1st July 2009)

We have been notified by the State Human Epidemic Controller that previous advice to voluntarily exclude for a period of 7 days, students or staff who have travelled to affected countries or Victoria, no longer applies as the illness is relatively mild in most cases.
