

Assumption Catholic Primary School

Student Flow of Concerns

STUDENTS

Students have the right to seek appropriate adult support **at any time**; however, if possible it is better for the students to seek the immediate teacher available.

If during class...

If outside of class time (lunch, recess, before or after school)...

If there is an issue with a member of school staff...

If help is needed, but no teachers can be found...

If you need more help...

REMEMBER – Every student may seek any school staff at any time if they feel they need assistance.
